CIVIL ACTION

NO. _____

I. JURISDICTION AND VENUE

1.) This is a civil action authorized by 42 U.S.C. Section 1983 to redress the deprivation, under color of state law, of rights secured by the Constitution of the United States. The Court has jurisdiction under 28 U.S.C. Section 1331 and 1343 (a)(3). Plaintiff seeks declaratory relief pursuant to 28 U.S.C. Section 2201 and 2202. Plaintiff's claims for injunctive relief are authorized by 28 U.S.C. Section 2283 & 2284 and Rule 65 of the Federal Rules of Civil Procedure.

II. PLAINTIFF

2.) Plaintiff Patrick Michael Falcey, Jr., a United States Citizen, Amiable Individual, and Volunteer Good Samaritan in the Community was at all times mentioned herein a prisoner of the County of Bucks, Pennsylvania in the custody of the Bucks County Department of Corrections. He is currently confined in the State Correctional Institution at Chester for all misdemeanor offenses that resulted in not even the slightest injury or risk of injury to any human life.

III. DEFENDANTS

3.) Defendant Carl Mettellus is the Warden of the Bucks County Correctional Facility (BCCF) (also known as the Bucks County Prison) located at 1730 South Easton Road in Doylestown, Pennsylvania. He is legally responsible for the operation of the BCCF and for the welfare of all the inmates of that prison.

4.) Defendant David Kratz is the Director of the Bucks County Department of Corrections at the BCCF in Doylestown, Pa.

5.) Defendant Robert Harvie, Jr. is the Chairman of the Bucks County Prison Oversight Board. His office is located at 55 East Court Street in Doylestown, Pa.

6.) Defendant Christopher Norfleet is the Health Service Administrator of PrimeCare Medical, Inc. and Medical Services at the BCCF in Doylestown, Pa.

7.) Defendant Lee Ann Reynolds is a Registered Nurse of PrimeCare Medical, Inc. and Medical Services at the BCCF in Doylestown, Pa.

8.) Defendant Inna Panasenka is a Registered Nurse of PrimeCare Medical, Inc. and Medical Services at the BCCF in Doylestown, Pa.

9.) Defendant Paula Erisman is a Registered Nurse of PrimeCare Medical, Inc. and Medical Services at the BCCF in Doylestown, Pa.

10.) Defendant Kristin Hill is an Assistant Health Service Administrator of PrimeCare Medical, Inc. and Medical Services at the BCCF in Doylestown, Pa.

11.) Defendant Bucks County is a political subdivision in Pennsylvania.

12.) Defendant PrimeCare Medical, Inc. and Medical Services provides medical care at the BCCF.

13.) Defendant Bucks County Correctional Facility (BCCF) is a county prison that is operated by the county of Bucks in Doylestown, Pennsylvania.

14.) Defendant John/Jane Doe is a medical staff member who knowingly refused to respond to Plaintiff's medical emergency on June 26, 2022 at the BCCF. His or her true name is currently unknown.

15.) Each Defendant is sued in their individual capacity. At all times mentioned in this complaint, each defendant acted under the color of state law. (Plaintiff may seek to sue in ones official capacity and injunctive relief due to him potentially returning to the BCCF on writ in the future.)

IV.FACTS

16.) Plaintiff Patrick Michael Falcey, Jr. has a past medical record history of seizures (attached hereto as Exhibit A & A1), chronic pain from past trauma to neck, back, and head (Exhibit B), and mental health diagnosis of Bipolar disorder, Depression, etc.(Exhibit C).

17.) On June 26, 2022 at approximately (approx.) 0500 hours, Mr. Falcey began having seizures and convulsions at the Bucks County Correctional Facility (BCCF) in housing unit #20 cell on E-module.

18.) Mr. Falcey declared medical emergency yelling his state of condition while on the ground in and out of awareness by the cell door to all staff present on the unit, Correctional Officer (C/O) Hardiman and C/O Bombay to which they replied: "hang on Falcey, hang in there bud, we're calling, we've been calling, they're on the way, they should be here soon" over the course of several hours.

19.) By approx. 0900 hours (still without any medical aid arriving), a Case Manager (upon information and belief to be Mr. Brookins) made the gross error in deciding to have Mr. Falcey (while still in the same state of condition of having convulsions and seizures) moved to another cell on the top tier-24 cell on the same module-E because Mr. Falcey's housing unit (E-20) apparantly was needed for another housing matter.

20.) Mr. Falcey then called for inmate Nathan Phillips BCP#111824 and inmate Gary Morgal BCP#037454 as witness to the events, as well as C/O Hardiman as he continuously called medical staff but still never arriving.

21.) They then helped Mr. Falcey up the stairs and brought his property up to him as he layed in housing unit #23 cell (E-23) because he could not make it to the top bunk of E-24 cell as apparantly ordered from a Case Manager from reception all while Mr. Falcey still remained in a convulsing state.

22.) By that time (with Mr. Falcey not making it to lunch), and still in the vacant cell of E-23, Mr. Falcey finally became unresponsive after:

(a.) falling/dropping foward and backwards from having dozens of seizures and convulsions, exacerbating his previous back and neck trauma (nerve damage that causes pain, ongoing chronic sharp pains);

(b.) badly biting tongue, which damaged his taste buds resulting in him not being able to taste his food and his speech being slurred from a permanent numbness in parts of his tongue that continued bleeding for nearly three (3) days after the June 26, 2022 incident.

23.) Mr. Falcey then rose at approx. 1700-1800 hours and "hobbled" off of the unit directly to Shift Command and he approached Sergeant O'donnell and advised him of the matter, he then told Mr. Falcey to "take his time" and head straight into the Medical Dept.

24.) Once Mr. Falcey arrived to Medical at approx. 1800 hours, the present nurse ("RN Becca") whom was entering a report (whom at least appeared to be from Mr. Falcey's perspective) on all the events he stated to her exactly as described within all the above facts, and her response was:

"I cant believe no one from Medical came to you in all that span of time".

(12 plus hours-from approx. 6:00a.m. to 6:00p.m.)

25.) Mr. Falcey was then placed on a medical watch status with high doses of Motrin/Advil for 72 hours

26.) The witnesses to these events which are stated within this complaint: C/O Hardiman, C/O Bombay, Sgt. O'donnell, Inmate (I/M) Nathan Phillips BCP#111824, and Gary Morgal BCP#037454 are/should be within the initial responding Nurse's report as well (June 26, 2022 at approx. 1800 hours), and approx. three (3) days, or within 3 days after being on the medical watch status, Mr. Falcey was called down to the Medical Dept. to again submit a report of the same, this report was taken by "PA Molly".

27.) In the midst of the approx. 12 hour period in which Plaintiff Mr. Falcey received no medical aid to his condition of urgency, by a conscious and subjective disregard, and deliberately indifferent acts and omission of bad faith, Plaintiff suffered:

(a.) badly bitten tongue;

(b.) lower and middle back badly bruised and injured, highest levels of pain, can hardly (sometimes unable to) sit up, stand up, and turn either way when horizontal/laying down;

28.) It was well known to Defendant John/Jane Doe and Medical Staff that Mr. Falcey had a serious medical need, one that was so obvious that even a lay person would easily recognize the necessity for a doctor's attention. Staff failed to take any action to aid Mr. Falcey despite the obvious need for medical attention, which would have prevented further physical pain and injury to Mr. Falcey.

29.) An appointment created June 1, 2022 (22 days prior to initial incident) describing: "recs here regarding seizure disorder from St. Mary's (Hospital)... med? ccc? not back 6/2, 6/7" reveals Medical Staff's prior knowledge of Plaintiff's sufficiently and objectively serious chronic medical need (Exhibit D).

30.) Plaintiff requested medical attention through Sick Call Requests and Inmate Request Forms inquiring medical attention, many of which went unanswered, one in particular where Plaintiff advised of being in a poor state of condition 3 days prior to Plaintiff having seizures and suffering said injuries was answered (Exhibit E).

31.) Mr. Falcey's prison medical charts/records have been falsified due to:

(a.) Plaintiff receiving incomplete medical records after he received said requested records from Defendant PrimeCare Medical, Inc.

(b.) deliberately indifferent acts of retaliation by Defendant Lee Ann Reynolds denying Mr. Falcey (while he was in unbearable pain) his pain medication on July 20, 2022, on July 21, 2022 (witness statements attached as Exhibit F, G, & H), then 8 days later on July 27, 2022 while Mr. Falcey was receiving his Medicated Assisted Treatment (MAT-Buprenorphine), this same nurse Defendant Lee Ann Reynolds falsely accused (and falsely entered into Mr. Falcey's medical record chart) that he "was diverting his medication", when Mr. Falcey did not "divert" his medication, let alone was he ever found guilty of any institutional misconduct for "diverting" medication (administrative remedy of this matter also was fully exhausted-Exhibit I, I1, I2, & I3). (Exhibit J, J1, & J2 attached reveals the Sick Calls Mr. Falcey submitted regarding continued high levels of unbearable pain from his initial June 26, 2022 injuries, and his extreme uneasiness from MAT medication being cut in half (within a one day period) from 16mg to 8mg

due to biased and false accusations by retaliation.

(c.) Mr. Falcey had been sleeping with cotton balls in his mouth for weeks after the initial incident of having seizures and convulsions so he would not bite his tongue in his sleep, and, on July 4, 2022 at approx. 0500 hours when Mr. Falcey was awoken while still in a poor state of condition to be given his MAT, Defendant Inna Panasenکو also falsely accused (and falsely entered into Mr. Falcey's medical record chart) that he "was diverting his medication", when Mr. Falcey did not "divert" his medication, let alone was he ever found guilty of any institutional misconduct for "diverting" medication (Exhibit K).

32.) By yet another deliberately indifferent act with illegal intent of retaliation, on August 23, 2022, Defendant Kristin Hill, for no apparent or rational reason other than for a biasing retaliation did she have Mr. Falcey placed in a segregated lock medical watch status for 8 days, including committing theft by having approx. \$40.00 taken from Mr. Falcey's inmate account for Sick Call Requests that he was never even seen for (Exhibit L, L1, L2, L3, L4, L5, & L6). Also fully exhausted.

33.) Since the initial injury sustaining June 26, 2022 incident while Mr. Falcey was still incarcerated for 5 months at the Bucks County Correctional Facility, he has lived in subversive fear of said Staff and Defendants invidiously and maliciously seeking/waiting for another/the next opportunity to retaliate against Mr. Falcey in some way/deliberately leave/let him suffer further injuries from any future seizure activity, including the fact that many other inmates have been left to die and suffer substantial and unjustifiable injuries by being deliberately ignored by BCCF Medical Staff because Staff falsely assumes that inmates are "lying/pretending" when in fact, they are not.

34.) Mr. Falcey has lived in extreme paranoia and has been distrustful of most staff at the BCCF, as he also continued to have reoccurring nightmares of falling in and out of consciousness while stuck in a convulsing state with Correctional Staff and Medical Staff laughing at him. Mr. Falcey met with the Mental Health Department at least 3 or more times a month after the initial incident (See Exhibit M).

V. EXHAUSTION OF LEGAL REMEDIES

35.) Plaintiff Patrick Michael Falcey, Jr. utilized the prison grievance system/procedure available at the Bucks County Correctional Facility by presenting the facts related to his complaint on July 7, 2022. On August 10, 2022, Mr. Falcey was sent a false and deflecting response, including that the grievance had been denied. He then appealed to the Director (Defendant David Kratz) to then receive the same results for a second level response on October 11, 2022. He then appealed the Director's response to the final level of administrative remedy (by U.S. Certified Mail to Defendant Robert Harvie, Jr.) at the Bucks County Prison Oversight Board with no response to date-Exhibit N, N1, N2, O, O1, O2, O3, O4, & O5).

IV. LEGAL CLAIMS

36.) Plaintiff realleges and incorporates by reference Paragraphs 1 through 35 as if fully set forth herein.

37.) The deliberate indifference to Plaintiff's serious medical needs violated Plaintiff's rights and constituted cruel and unusual punishment under the Eighth and/or Fourteenth Amendments to the United States Constitution.

38.) By virtue of their office and authority, Defendants Bucks County, Pennsylvania, Bucks County Correctional Facility, Carl Mettellus, David Kratz, Robert Harvie, Jr., and Medical Services have the power to ensure that medical and prison staff are not deliberately indifferent to Plaintiff's serious medical needs.

39.) Defendants Bucks County, Pennsylvania, Bucks County Correctional Facility, Carl Mettellus, David Kratz, Robert Harvie, Jr., and Medical Services have failed to prevent the deliberate indifference to Plaintiff's serious medical needs by prison staff and medical personnel by not assuring that Defendant John/Jane Doe, PrimeCare Medical, Inc., Medical Services, and accompanying staff would not have intentionally refused to provide adequate medical care to Plaintiff's condition of urgency despite their knowledge of the need for that care, all by which invoked reckless and/or callous indifference to Plaintiff's federally protected rights under the Eight Amendment's prohibition of cruel and unusual punishments.

40.) Defendant Bucks County, Medical Services, and PrimeCare Medical, Inc. was/is guilty of a pattern of abuse by deliberately indifferent acts of retaliation, as they had a policy that they themselves by deliberately indifferent acts and omissions of bad faith did not follow, causing the violation of Plaintiff's rights and constituting cruel and unusual punishment under the Eighth and/or Fourteenth Amendment to the United States Constitution.

41.) Defendant Christophere Norfleet, Lee Ann Reynolds, Inna Panasenکو, and Kristin Hill's deliberately indifferent acts and omissions of bad faith and ongoing chains/patterns of retaliation caused physical and psychological harm, and affliction to the Plaintiff and violated Plaintiff's rights, which constituted cruel and unusual punishment under the Eighth Amendment of the United States Constitution.

42.) The Plaintiff has no plain, adequate, or complete remedy at law to redress the wrongs described herein. Plaintiff has been and will continue to be irreparably injured by the conduct of the Defendants unless this Court grants the declaratory relief which Plaintiff seeks.

V. PRAYER FOR RELIEF

WHEREFORE, Plaintiff respectfully prays that this Honorable Court enter judgment granting Plaintiff:

43.) A declaration that the acts and omissions described herein violated Plaintiff's rights under the Constitution and laws of the United States.

44.) A preliminary and permanent injunction (if the Plaintiff returns on writ to the Bucks County Correctional Facility in the future and this Court deems him eligible if such an event should occur) ordering Defendants Bucks County Correctional Facility, PrimeCare Medical, Inc., and Medical Services to provide adequate and constitutionally required medical care to a condition of urgency that is necessary for a doctor's need, and to not commit any further ongoing patterns/chains of retaliation.

45.) Compensatory damages in the amount of \$75,000.00 against each Defendant, jointly and severally.

46.) Punitive damages in the amount of \$90,000.00 against each Defendant.

47.) A jury trial on all issues triable by jury.

48.) Plaintiff's costs in this suit, including signed apology letters addressed to the Plaintiff by each Defendant.

49.) Any additional relief this Court deems just, proper, and equitable.

Thank You for Your Service in the field of Justice.

Respectfully Submitted,

Patrick Michael Falcey, Jr.

I, Patrick Falcey, Jr., a United States Citizen, Amiable Individual,
and Vol. Good Samaritan in the Community now, in great pain
and distress, NEEDS to inform you (while never meaning to be a
pest, but nevertheless) of an IMMEDIATE attention required
FORMAL COMPLAINT. On July 20, 2022 at evening med. cart time
of arrival, I approached the Med cart to be given my medication
and I respectfully stated to the nurse "Leeann": "I respectfully
refuse the Trazidone, but not the Advil" and she replied: "No, you are
refusing it all." And I replied back: "No I am NOT, I NEED my 3
Advil to alleviate the unbearable pain I am in from an injury I
sustained here on 06/26/2022." She then replied back saying:
"I said no, You are refusing all of it! Get away from my med cart.
There by DENYING me my Advil. I then returned to my housing."

Statement detailing informal process which you have attempted in order to resolve this grievance: (Attach any written documentation from staff.)

I had Sgt. Moroni HAND DELIVER the above privately,
confidentially, and DIRECTLY to "P.A. Molly" on 07/28/2022
I also requested Derek Davis do the SAME except to Dr. Gessin
4-5 days ago, no response. Deliberate Disregard from most Med. Staff.

Specific remedy being sought:

1.) All my medication rectified. 2.) A response to my prior
properly submitted Grievance (Dated: 07/07/2022). And,
3.) Record provided to me that "nurse Leeann" is held accountable.

Statement detailing the act or condition (Cont.): — my housing unit in even more UNBEARABLE PAIN and feeling GROSSLY DISCRIMINATED.

The very next day (July 21, 2022, same evening Med cart to arrival, same nurse "Leeann", when I approached the med cart, nurse Leeann stated in a VERY DETESTING AND HATEFUL MANNER: "You no longer have an order for Advil. Now get away from my med. cart!" AGAIN DENYING ME medication. I then, in disbelief, asked to promptly speak to Sgt. or Lt. and I was yelled at to return to my housing unit while some inmates then stated out loud: "that was cruel and unusual of her." (For the record, she has her last name COVERED with tape ^{on the} _{not} [Raymond])

Then on Wed. July 27, 2022 at approx 1000 hours, I was called down to the dispensary lobby to be given my permanent 16mg dose of Subutex Maintenance and it was nurse Leeann dispensing the Subutex. When she went to inspect my mouth she DELIBERATELY stepped back and made an — -OUTRAGEOUS FALSE ACCUSATION/COMMENT — stating: "you still have medication in your mouth". And I replied: "NO I do NOT! I NEED all of my medication! I would NEVER even think of doing ANYTHING beside taking ALL of my medication." She then told me to "sit and wait" longer than the other inmates. I then stated: "Why are you so BIAS-toward me?" (while showing her every possible which way to inspect my mouth) "all I do is thank you for what you said to do." She then replied: "you really got on my last nerve."

Lastly, on Thurs. (today) at approx. 0430 hours when my Subutex was dispensed to me, (after proudly being free and clear)

I, Patrick Falcey, Jr., a United States Citizen, Amiable Individual, and Vol- Good Samaritan in the Community that is an unreasonable and seemingly indefinite "Lv. 2" Medical lock status now, while never meaning to be a pest, but nevertheless) NEEDS to inform you of an immediate attention required FORMAL COMPLAINT:

On 08/23/2022, I was placed on a Lv. 2 Medical lock status for NO APPARANT REASON, as part of certain (Christopher Norfleeth, HSA and RN Lee Ann Reynolds) Medical Staff's chain of retaliation towards me for my (respectful) grieving of their gross violations of my rights as a human being and as an inmate on 06/26/2022 and 07/28/2022, also on 08/08/2022 as I was walking toward the exit of the dispensary lobby, I overheard one of the staff (ps-2)

Specific remedy being sought:

1.) A composed admission of fault and apology statement by the R.N. and P.A. for UNREASONABLY placing me on a Lv. 2 Med. lock status, and, 2.) the approx. \$40.00 TAKEN from my inmate account for the Sick Call (19113-RU) Requests that I was NEVER even seen for to be promptly RETURNED at once.

First Level Response:

After further review with the Prime Care Medical supervisor, you were placed on Level 2 medical for closer observation due to you submitting multiple sick call slips claiming you were experiencing agonizing pain. These measures were taken to determine if there were any underlying issues that may be causing the pain. Therefore, this grievance is denied.

Date: 9.20.2022

outloud: "we'll find out what prosecutor has your case and make sure you never go home." Per the Inmate Handbook "those on watch status are reviewed on a regular basis by the treatment departments". I have been reviewed NOT EVEN ONCE since placed on said lock watch status and beside I, being in and having unbearable (NOT "detracting") [chronic] pain in my lower and middle back (that was made substantially WORSE from an injury I sustained here on 06/26/2022), there is NO medical issue for me to be on a "Lv.2 Med. lock watch status". That is to say, "if one is in unbearable pain from a [chronic] injury, or from a tooth ache, shall they then be placed on a Lv.2 Med. lock watch status"? Let alone for an on record [chronic] pain matter. BY the Medical Staff's DELIBERATE AND DISCRIMINATING VOID OF ALL IMPARTIALITY was I, for no apparent reason other than for a BIASING RETALIATION placed on a Lv. Med. lock watch status. Lastly, there has been approx. \$40.00 TAKEN from my Inmate Account for Sick Call [9113-AU] Requests that I have NOT been advised of/ that I was NEVER even seen for. Per the Inmate Handbook: "...you will be advised if there will be a co-payment deducted from your inmate account." (see Attached pg. 5), and: "there will be no co-pay — charged for... chronic care." NOTIFICATION OF APPELLATE REVIEW BY DIRECTOR

Statement of rationale for appellate review: Good morning/afternoon, per the inadequate, deflecting, and unjustifiable first level Response, the stated approx \$4000 TAKEN from my Inmate Account for Sick Call requests that I was NEVER even seen for, was left COMPLETELY UNADDRESSED, Secondly, there was NO "determination" made for the EXACERBATED chronic pain in my lower and middle back due to the injury I sustained here on June 26, 2022, because during the "measure taken" of UNREASONABLY placing me on a 1x2 Med. lock watch status for 8(eight) days, I was NOT reviewed on a regular basis; in fact, I was reviewed NOT EVEN ONCE.
